

HybridReception: Transform Your Front Desk Operations

Save \$40,000–\$150,000 annually while delivering exceptional patient care. The smarter, affordable front desk solution built specifically for healthcare clinics.

Your Clinic Is Losing Money Every Day

Crushing Staff Costs

\$83,200–\$200,000 yearly for 2-5 front desk staff at \$20/hour, with operating expenses climbing 11.1%.

No-Show Crisis

18-30% appointment no-shows drain \$10,000–\$40,000 in lost revenue annually from your practice.

Insurance Denials

20-30% of claims denied due to verification errors cost you \$5,000–\$15,000 yearly in avoidable losses.

Patient Frustration

Inconsistent service and manual errors damage your reputation and drive patients to competitors.

Current Solutions Fall Short

Generic virtual receptionists like MyAIFrontDesk or Smith.ai don't understand healthcare complexities. They can't verify insurance or integrate with your EHR systems.

Meanwhile, maintaining a full in-house team becomes increasingly unaffordable as costs spiral upward.

You need a solution designed specifically for healthcare clinics.

Introducing HybridReceptio..

The Hybrid Front Desk Solution Built for Healthcare

0

1 Remote Agent + AI Technology

Handle 70-80% of calls with HIPAA-compliant agents covering scheduling, triage, reminders, and insurance verification.

0

3 One In-Person Staff

Keep one team member for check-ins, greet and escalations, maintaining that essential personal touch patients value.

0

2 Universal EHR/EMR Compatibility

Our cloud-based dashboard works with Epic, Cerner, eClinicalWorks—any system you use, with seamless task logging.

Dramatic Cost Savings

\$95K

Average Annual Savings

Replace 2-5 staff members and save \$40,000–\$150,000 per year with our efficient hybrid model.

3–5x

Return on Investment

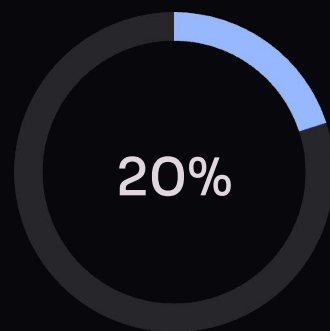

Pay just \$1,500–\$2,200 monthly for services that traditionally cost \$83,200–\$200,000 annually.

20min

Setup Time

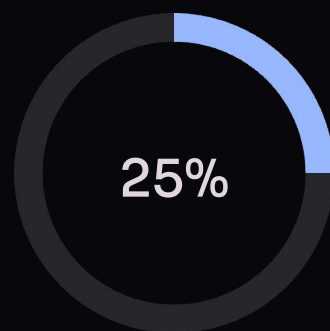

Get your practice operational with HybridReception in just 20 minutes—no complex IT overhaul required.

Proven Results That Impact Your Bottom Line

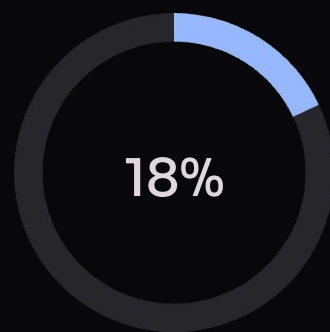

No-Show Reduction

Add \$10,000–\$40,000 in recovered revenue

Fewer Claim Denials

Save \$5,000–\$15,000 in insurance errors

Patient Satisfaction

Boost satisfaction scores by 15-20%

Validated Performance

Our pilot programs with 3-5 clinics demonstrate consistent results: 20% reductions in both no-shows and denials, \$40,000–\$100,000 in annual savings, and significantly improved patient satisfaction scores.

Unlike generic solutions, HybridReception is purpose-built for healthcare with HIPAA compliance built in.

Simple, Flexible Pricing

White-label solution available for multi-clinic networks

Why HybridReception Stands Out

Healthcare-Specific Expertise

Unlike generic virtual receptionists, we understand insurance verification, medical scheduling, and HIPAA compliance intimately.

Works With Your EHR/EMR

Compatible with Epic, Cerner, eClinicalWorks, Athena, and any other system.

Full integration cost may differ based on EHR/ EMR required.

Risk-Free Trial

3-month contracts with no long-term commitment. Don't hit 20% no-show reduction by Month 3? Get a 20% refund.

Implementation Is Effortless

Day 1: Quick Setup

20-minute cloud-based dashboard configuration gets you operational immediately.

Week 1: Staff Training

1-2 hour training session ensures your team understands the new workflow.
